

(g) *Matching requirement.* The federal share of a grant received may not exceed 75 percent of the costs of the proposed boot camp program described in the approved application. The matching requirement can only be met through a hard cash match, and must be satisfied by the end of the project period; facility operating expenses may not be used to meet the match requirement for the construction project supported. Match may be made through grantee contribution of construction-related costs. A certification to that effect will be required of each recipient of grant funds.

(h) *Innovative boot camp programs.* Jurisdictions are encouraged to explore the development of “innovative” boot camp programs which incorporate principles based on the accumulation of research and practical experience, and reflect sound and effective correctional practice.
